12 November 1974

MEMORANDUM FOR: Chief of Support EA Division
Chief of Support SE Division
Chief of Support EUR Division
Chief of Support NE Division
Chief of Support AF Division
Chief of Support LA Division

25X1A

Chief of Support Division D

25X1A

SUBJECT: Foreign  Allowances

1. In a period of decreasing budgets and increasing living costs, concern has been expressed over the adequacy of allowances given to officers in the field. To determine whether any suggestions could be offered to ease the burden for both management, which must allocate the resources and the officers, who must operate and live within the allowances, the DDO Management Advisory Group (MAG) has requested from the DE/A a comprehensive collection of agency regulations on this subject.

2. It has been brought to our attention that some divisions received approval to modify or adjust these regulations due to unique operational and/or environmental situations within their geographical areas. We would appreciate a copy of Division memorandums which would fall into this category to eliminate the need to look into areas where modifications have already been made to solve unique problems. Your cooperation is most appreciated.
